## PRETRIAL INSTRUCTIONS

A. **ADR**: The parties were referred to mediation, which did not result in settlement. The parties may request a further mediation at any time, or may instead request a referral to another magistrate judge for a settlement conference.

B. **Deadline to Amend Pleadings**: January 8, 2016.

C. **Discovery**: The parties shall abide by the undersigned's Discovery Standing Order, available at <http://cand.uscourts.gov/mejorders>. All discovery, including depositions of expert witnesses, must be completed by January 22, 2016. Pursuant to Rule 16(b) and Civil Local Rule 26-2, a discovery request or stipulation that calls for responses or depositions after the discovery cut-off date is not enforceable except by order of the Court and upon a showing of good cause. No discovery disputes may be brought to the Court's attention more than seven (7) days after the discovery cut-off date.

D. **Disclosure of Expert Witnesses**: Any party wishing to present expert witness testimony shall serve on all other parties the expert's name, address, qualifications, resume, and a written report in compliance with Rule 26(a)(2)(B) by January 22, 2016. This disclosure must be made with respect to a person who is either: (a) specifically retained or specially employed to provide expert testimony pursuant to Federal Rule of Evidence 702; or (b) a regular employee or agent or treating physician who may be called to provide expert opinion testimony. All parties have a continuing duty to supplement the disclosure of expert witnesses when required under Rule 26(e)(1).

E. **Disclosure of Rebuttal Expert Witnesses**: Any expert testimony intended solely to contradict or rebut another party's opinion testimony shall be disclosed in compliance with Rule 26(a)(2)(B) by February 2, 2016.

F. **Limitation on Testimony by Expert Witnesses**: Each party is limited to one expert witness in each discipline involved in the case, except by order of the Court. To ensure that all factual material (including tests and/or reports) upon which expert opinion may be based is timely disclosed, an expert witness shall be precluded from testifying about any actions or opinions not disclosed prior to the expert's deposition, unless the parties enter into a written stipulation

1 otherwise. Any party objecting to the admissibility of expert testimony must file a motion in  
2 limine to exclude the testimony by the deadline set forth below.

3 **G. Pretrial Motions:** All pretrial motions shall be filed in accordance with Civil Local Rule 7  
4 and noticed for hearing on any available Thursday at 10:00 a.m., without contacting the Court.  
5 All dispositive motions shall be filed, served, and noticed by March 03, 2016. The Court shall  
6 hear dispositive motions on April 07, 2016 at 10:00 a.m. in Courtroom B, located on the 15th  
7 Floor of the Federal Building, 450 Golden Gate Avenue, San Francisco, California.

8 All summary judgment motions shall comply with the following requirements for  
9 statements of facts:

10 (1) **Separate Statement of Facts:** Any party filing a motion for  
11 summary judgment must file a statement, separate from the motion  
12 and memorandum of law, setting forth each material fact on which  
13 the party relies in support of the motion. Each material fact in the  
14 separate statement must be set forth in a separately numbered  
15 paragraph and must refer to a specific admissible portion of the  
16 record where the fact finds support (for example, affidavit,  
17 deposition, discovery response, etc.). A failure to submit a separate  
18 statement of facts in this form may constitute grounds for denial of  
19 the motion.

20 (2) **Controverting Statement of Facts:** Any party opposing a motion  
21 for summary judgment must file a statement, separate from that  
22 party's memorandum of law, setting forth: (a) for each paragraph of  
23 the moving party's separate statement of facts, a correspondingly  
24 numbered paragraph indicating whether the party disputes the  
25 statement of fact set forth in that paragraph and a reference to the  
26 specific admissible portion of the record supporting the party's  
27 position if the fact is disputed; and (b) any additional facts that  
28 establish a genuine issue of material fact or otherwise preclude  
judgment in favor of the moving party. Each additional fact must be  
set forth in a separately numbered paragraph and must refer to a  
specific admissible portion of the record where the fact finds  
support.

29 (3) **Reply Statement of Facts:** If the party opposing summary  
30 judgment sets forth additional facts, the moving party shall file a  
31 statement, separate from the reply brief, with correspondingly  
32 numbered paragraphs indicating whether the party admits or  
33 disputes the statement of fact set forth in that paragraph and, if  
34 disputed, a reference to the specific admissible portion of the record  
35 supporting the party's position. Facts that are not already included  
36 in the motion and/or opposition are not permitted.

37 (4) **Alternative Procedure:** As an alternative to filing a statement of  
38 facts and controverting statement of facts, the movant and the party  
39 opposing the motion may jointly file a stipulation signed by the

1 parties setting forth a statement of the stipulated facts and the  
2 following statement: "The parties agree there is no genuine issue of  
3 any material fact." As to any stipulated facts, the parties so  
stipulating may state that their stipulations are entered into only for  
the purpose of the motion for summary judgment and are not  
intended to be otherwise binding.

4 **H. Exchange and Filing of Pretrial Disclosures:** By June 08, 2016, lead counsel who will  
5 try the case shall meet and confer with respect to the preparation and content of the joint pretrial  
6 conference statement and shall exchange the papers described in Rule 26(a)(3). These papers  
7 must be filed with the Court by June 23, 2016.

8 **I. Joint Pretrial Conference Statement:** By June 23, 2016, the parties shall file a joint  
9 pretrial conference statement with the following information:

10 (1) Substance of the Action: A brief description of the substance of  
11 claims and defenses which remain to be decided.

12 (2) Relief Prayed: A detailed statement of all the relief claimed,  
13 particularly itemizing all elements of damages claimed as well as  
witnesses, documents or other evidentiary material to be presented  
concerning the amount of damages.

14 (3) Undisputed Facts: A plain and concise statement of all relevant  
15 facts not reasonably disputable, as well as which facts parties will  
stipulate for incorporation into the trial record without the necessity  
of supporting testimony or exhibits.

16 (4) Disputed Factual Issues: A plain and concise statement of all  
17 disputed factual issues which remain to be decided.

18 (5) Disputed Legal Issues: Without extended legal argument, a  
19 concise statement of each disputed point of law concerning liability  
or relief, citing supporting statutes and decisions.

20 (6) Agreed Statement: A statement assessing whether all or part of  
21 the action may be presented upon an agreed statement of facts.

22 (7) Stipulations: A statement of stipulations requested or proposed  
for pretrial or trial purposes.

23 (8) Amendments or Dismissals: A statement of requested or  
24 proposed amendments to pleadings or dismissals of parties, claims,  
or defenses.

25 (9) Estimated Time of Trial: An estimate of the number of hours  
26 needed for the presentation of each party's case.

27 (10) Bifurcation or Separate Trial of Issues: A statement of whether  
28 bifurcation or a separate trial of specific issues is feasible and  
desired.

1 (11) **Settlement**: A statement summarizing the status of the parties' settlement negotiations and indicating whether further negotiations are likely to be productive.  
2

3 **J. Witness list**: A witness list shall be provided as an appendix to the joint pretrial conference statement. The following information should be included. For each party, a list of all witnesses to be called for trial, including those appearing by deposition. For each witness, a statement of the substance of his or her testimony and an estimate regarding the length of testimony (including direct and cross-examination).  
4  
5  
6  
7

8 If the witness is an expert witness, the statement should clearly state the expert's theories and conclusions and the bases therefor, which shall also specify to which disputed fact the testimony relates, and an estimate of the time required for direct and cross examination. In addition, the expert's curriculum vitae and report (if any) should be attached. If there are objections to a live witness's testimony, whether in whole or in part, that objection should be raised through a motion in limine.  
9  
10  
11  
12  
13

14 No party shall be permitted to offer any witness that is not disclosed in its witness list, except with leave of the Court for good cause shown.  
15

16 **K. Exhibit list**: A joint list of all exhibits to be offered at trial shall be provided as an appendix to the joint pretrial conference statement. Plaintiff(s) shall mark the exhibits numerically; Defendant(s) shall mark the exhibits alphabetically. The list shall state each proposed exhibit by its number or alphabetical letter, description and sponsoring witness. All documents shall be authenticated prior to trial. The list shall include a joint exhibit list in tabular form, with (a) a column that briefly describes the exhibit; (b) a column that describes for what purpose the party will offer the exhibit and identifies its sponsoring witness; (c) a column that states any objections to the exhibit; (d) a column that briefly responds to the objections; and (e) a blank column for the Court's use. Before this list is filed, the parties shall meet and confer, in person, to consider eliminating duplicate exhibits, and to make a good faith effort to stipulate to admissibility. No party shall be permitted to offer any exhibit that is not disclosed in its exhibit list.

1 for admission, and deposition testimony (with specific line references identified) that each party  
2 intends to present at trial shall be included as an appendix to the joint pretrial conference  
3 statement. If there are objections to the use of written responses, the parties should include a joint  
4 memorandum that briefly states the objecting party's objection and the opposing party's response.  
5 If there is an objection to the general subject matter of a deponent's testimony, the objection  
6 should be made through a motion in limine. The Court expects the parties to meet and confer in  
7 good faith in an attempt to resolve specific objections before any statements are filed.

8 **M. Motions in limine:** The parties are directed to meet and confer in person to resolve any  
9 evidentiary disputes prior to filing motions in limine. Any motions in limine shall be filed by June

19 thumb drive) in Microsoft Word format. Any question on which the parties cannot agree shall be

21 voir dire after the Court's questioning.

22 **P. Jury Instructions:** In a jury trial, the parties shall file a joint set of proposed jury  
23 instructions by June 23, 2016. These shall also be submitted to the Court on a portable storage  
24 device in Microsoft Word format. Jury instructions should conform to the Manual of Model Civil  
25 Jury Instructions for the Ninth Circuit. The instructions shall be ordered in a logical sequence,  
26 together with a table of contents. Any instruction on which the parties cannot agree shall be  
27 marked as "disputed" and included within the jointly submitted instructions, in the place where the  
28 party proposing the instruction believes it should be given. Argument for and against each

1 disputed instruction shall be included on a separate page directly following the disputed  
2 instruction. At the close of Defendant's case in chief the Court shall hear oral argument on the  
3 disputed jury instructions and will then render its rulings.

4 **Q. Proposed Verdict Forms:** In a jury trial, the parties shall file a joint proposed verdict form

13 Lead counsel who will try the case must attend the pretrial conference. The purpose of the pretrial  
14 conference is for the Court to rule on any issues raised in the pretrial conference statement,  
15 motions in limine, and to discuss the trial of the case. The Court shall hold a final pretrial  
16 conference on August 11, 2016 at 10:00 a.m. in Courtroom B, to address any outstanding trial
